Focused to supply national and
international franchising chains

The Gelato Frozen Dessert World

Capture the Moment

The moment is now to add a new business to your concept by adding gelato to your menu.

- To make gelato a new profit generator for your business.
- To create a segment of your restaurant that will offer a luxury product and Italian tradition.
- To capture more market share with excellence in quality frozen desserts, originality of formula and flexibility in the development for a winning concept.

With a single flavor, you can produce gelato: gelato cones and cups, take home pints and quarts, smoothies, milkshakes, gelato cocktails and drinks, desserts and many more ideas that we can create for you and your customers.

To add a small corner display with 4, 6 or 8 flavors, all you will need is one batch freezer and one display case. Whether you need single phase or three phase, air or water cooled, we have what you need!

Start increasing your check averages and begin converting occasional visitors into frequent customers!

Service:

Everything that we do within the Taylor organization is rooted in a higher level of service that we provide to our customers from our prompt response time, to our expert knowledge of our customers' businesses. You will come to expect that our points of difference are the insights, products and solution that we provide. We call it Red CapeSM Service. The Red CapeSM stands for a level of dedication and support that rises above and beyond everything else in the industry, and it's only from Taylor.
